

DAIRY INDUSTRY CONFERENCE & EXHIBITION

EMPOWERING RURAL INDIA THROUGH DAIRY ENTREPRENEURSHIP

New Delhi | 12th-14th February 2026

Organised By

SETTING THE GLOBAL STAGE FOR DAIRY EXCELLENCE

India's premier dairy event — the **52nd Dairy Industry Conference & Exhibition** — returns as the most significant platform where scale meets opportunity to shape the future of the global dairy sector. Rapidly emerging as one of the most influential dairy gatherings worldwide, this edition is setting benchmarks that rival or surpass long-standing summits like the Nordic Dairy Congress, Global Dairy Innovation Congress, and its MENA counterpart.

This year's theme, **"Empowering Rural India Through Dairy Entrepreneurship,"** reinforces the role of the dairy sector as a critical driver of inclusive growth, rural livelihood, and sustainable economic development. The conference & Exhibition will spotlight innovations, success stories, and scalable models that can transform rural communities by turning dairy farming into profitable enterprises and encouraging youth participation in the sector.

India, the world's largest producer and consumer of dairy, is uniquely positioned with unmatched scale and momentum. Its growth is propelled by rising urbanisation, increasing health awareness, expanding cold chain infrastructure, and surging demand for value-added products like cheese, ice cream, and traditional dairy-based sweets. These dynamics make the Indian Dairy Industry Conference a vital platform for global dairy leadership.

After 51 successful editions, the **52nd Dairy Industry Conference & Exhibition will be held from 12th to 14th February 2026 at Yashobhoomi Convention Centre, Dwarka, New Delhi** offering cutting-edge infrastructure and exceptional accessibility for domestic and international participants.
